Re: Official Canvas Results

I cannot attend the Town Council Special Meeting on December 6, 2023, at 7:00 P.M.

Instead, I request that my comments, which are highlighted in bold, be read aloud during the meeting and included in the meeting record as an attachment on the town website. Thank you.

1. Pledge of Allegiance
2. Approve agenda
3. TC conflict of interest disclosure
4. Official Canvas Results

a. [Boulder Results 11.21.23\[15883\]](#)

The numbers in the report posted on the town website on Tuesday, December 5, 2023, may have stayed the same since it was created on November 21, 2023, at 8:15 P.M.

However, I would like to know if there is an updated report that includes any ballots received after the election night.

The attachment posted on the town website states it is unofficial.

Do we need an official report?

It is essential for the town council to follow the necessary procedures and protocols to support the upcoming terms of Ray Gardner, John Veranth, and Josh Ellis, which will begin in January 2024.

b. [Official Canvas for 11.21.23 election](#)

Please consider my attached edits to the document posted on the town website on Tuesday, December 5, 2023, before accepting and signing the official canvas for the November 21, 2023 election.

5. Adjourn
